

2,000 Tons of Welsh

Coal Now on Way to U.S.

Identity of Consignees Not Disclosed; Expected to Cost About \$10 in New York

A rumor current in shipping circles that a cargo of 2,000 tons of Welsh coal had started to this port was traced down yesterday and found to be true, although the consignees refused to allow their names to be made public. It has been the opinion in New York that local prices here would have to rise considerably before it would be commercially possible to import coal from England, even as ballast. Pocahontas coal is selling for \$6.65 at Hampton Roads, and the lowest possible price for Welsh would be about \$8, or if carried as cargo, with a carrying charge of \$4, as compared with a charge of \$1.50 as ballast, it would cost \$10 in New York. It was pointed out that American coal is still on a comparative basis with English and South American coal, as was indicated by the fact that the steamer Robin Hood was chartered last week to take a cargo of coal to Rio de Janeiro.

Much interest is being manifested in this situation by shipping operators here, because there are large numbers of colliers tied up idle, which would be called into use if exporting from England commences.

## No Chevrolet Dissolution

WILMINGTON, Del., May 8.—At an adjourned annual meeting of the Chevrolet Motor Company here today, the stockholders voted not to dissolve the corporation. At a meeting of the directors in January, dissolution was suggested.

## Harding Urged to Delay Ship Channel Discussions

## N. Y. Delegation Asks Him to Await Experts' Report on St. Lawrence Project

From The Tribune's Washington Bureau  
WASHINGTON, May 8.—President Harding was asked today by a New York delegation to delay negotiations with Canada on the St. Lawrence ship channel. The delegation was made up

of Senators Wadsworth and Calder, Representative Luther W. Mott, chairman of the New York delegation in the House, and S. Wallace Dempsey, chairman of the House Rivers and Harbors Committee.

The President's attention was directed to the fact that in the report of the International Joint Commission it is recommended that certain engineering questions be submitted to a technical board.

The New York members requested the President not to take any action until the proposed technical board had made a report. President Harding's attention also

was called to the fact that if the expenses for the proposed ship channel are borne by the two countries in proportion to population, this country will have by far the heavier part of the burden.

The President advised his callers he would take their representations into consideration.

Advocates of the ship channel are opposed to the delay asked by the New York delegation. They would have such technical questions as need further inquiry settled by the United States and Canada jointly after a treaty has been made.

## TRIBUNE CLASSIFIED ADVERTISING

## LOST, FOUND AND REWARD

**LOST**—Diamond studed platinum long-note between West 16th and East 14th sts. on Saturday, May 6. Return to G. E. Leader, 10 West 43d st., and receive \$100 reward.
